

Concord Point Lighthouse & Keeper's House Museum Photography Rules and Restrictions

We welcome everyone to visit the Lighthouse and grounds, but in the best interest of all visitors, we do have rules regarding professional and bridal photography on the grounds.

1. The Tower will not be closed for photographs during our open hours, 1-5pm on weekends April—October or any other time that the Lighthouse is open to the public.
2. We do have private events on the grounds and other photography sessions cannot occur that would in any way interrupt the ongoing event. Please check our website calendar for available dates. **www.concordpointlighthouse.org**
3. Photo sessions inside the Lighthouse can be arranged for a fee and during a time that we are not open to the public. Please call our office for further information.
4. Our organization operates and maintains the Lighthouse and Keeper's House and we are volunteer run. Please respect that and do not ask our volunteers to close for your photographs. There are many other lovely views for photos during the times that we are open.
5. Enjoy your visit to Concord Point and please consider a donation to help us preserve and maintain the Light Station and to keep it beautiful for these special moments.

Questions? Call us at 410-939-3213 or email at concordpointlighthouse@verizon.net
